

Registered Nurse
Hospice Waikato Community Nursing Service – Rural Team
(Thames, Coromandel and Hauraki districts)

Hospice Waikato is an organisation focused on leading the way in the growing specialist field of palliative care. We are committed to providing patient focused, highly professional care, for Waikato people living with a life-limiting or life-threatening condition and for those who support them.

Our people are part of an organisation that:

- Recognises people and the difference they make
- Is committed to developing its people to the highest professional skill level
- Understands the value of social, emotional and spiritual support for all
- Delivers its services with a multidisciplinary focus
- Is committed to being the best in its field

An exciting opportunity has arisen for a Registered Nurse to join our rural Community Nursing team. This role provides specialist palliative care to patients and their family/whanau in their own home in collaboration with District Nursing Services and General Practitioners. Hours are negotiable (between 28 and 32 hours per week). A vehicle, phone and tablet will be available for work purposes.

This role specifically provides care for people living in the Thames, Coromandel and Hauraki districts, and so would suit a person living in that area. There is also a requirement to travel to Hamilton for meetings and education. You will need to be competent with information technology and related digital devices.

Hospice Waikato requires staff to be committed to growing their own clinical knowledge and contributing to the collective growth and development of specialist palliative care at Hospice Waikato. To be the right fit for this role and our organisation you would bring:

Essential:

- Registered Nurse qualification
- Registration with Nursing Council of New Zealand
- A current practising certificate with the Nursing Council of New Zealand
- Current full New Zealand driver's license
- A minimum of 3 years post registration experience in a relevant area of nursing
- Experience in community based nursing
- Competent with information technology and related devices

Desirable:

- Experience in palliative care nursing
- Experience in patient education
- A post registration qualification in palliative care or related area

A copy of the position description can be found on the vacancies page of our website <http://www.hospicewaikato.org.nz/>

If you wish to discuss any aspects of this position please contact Jacqui Swain, Acting Director of Nursing, at the following address jacqui.swain@hospicewaikato.org.nz

If this sounds like the role and organisation you want to be a part of then please send your application to hr@hospicewaikato.org.nz

We undertake health screening and Ministry of Justice checks as a part of our recruitment process.
