

Registered Nurses (Inpatient Unit) 0.7 - 0.8 FTE

Is something missing for you at the moment? Do you need a new focus?

North Haven Hospice provides specialist palliative care to patients and their family/whanau within the Whangarei area. You will be working within our 6 bed inpatient unit with a chance to progress to working within our community. Working at North Haven Hospice is both stimulating and rewarding; you know you will really be making a difference to those you care for.

What can we offer you?

- The ability to truly offer holistic care to your patients and their family/whanau
- A chance to develop your skills, knowledge and career within a supportive, nurturing and flexible environment
- Regular in-house professional development opportunities
- Paid external professional supervision
- A permanent position remunerated in line with the current Hospice MECA

What will you bring?

- A current New Zealand Registered Nurse Practicing certificate
- Ideally a minimum of 2 years post Registration experience
- Compassion and empathy in caring for patients and their family/whanau at the end of life
- A commitment to developing your knowledge and professional development through PDRP and postgraduate study

What now?
