Not sure if palliative care and Hospice Waikato has the pace, variety, or transferable skills to suit you?

Day to day our team give the best possible care to our patients, we have the time to sit and be with our patients, we also get the opportunity to work with some pretty exciting wounds! We are fast paced, we don't sit around twiddling our thumbs, and our days are never the same, however the sense of achievement at the end of the day is ever present, we really do give the best care in one of the best environments.

We aren't the end of the road for all our patients, many of our patients do walk in and walk back out again once we've given them the IPU experience.
